OMB No. 1545-0047

Name of the organization Employer identification number 94-3232437 Sustainable Conservation

Form 990. Part I. Line 1 - Organization Mission or Significant Activities

Sustainable Conservation helps California thrive by uniting people to solve the toughest challenges facing our land, air and water. Every day, we bring together businesses, landowners and government to steward the resources that we all depend on in ways that make economic sense.

Form 990, Part III, Line 1 - Organization Mission

Sustainable Conservation (the organization) partners with business, agriculture and government to find practical ways to protect California's land, air, and water through collaboration. The organization's work has spanned rural and urban environmental issues, ranging from improving water quality in dairy farming, to promoting the growing and selling of non-invasive plants in California's horticultural industry, to partnering with farmers in California's San Joaquin Valley on regional solutions for ensuring adequate groundwater supplies. The organization works with farmers to identify ways that producers can protect the environment, improve their bottom lines, and keep their land in production. The organization also works to overcome the time, complexity, and cost associated with habitat restoration projects on public and private land. Lastly, the organization works with business and regulatory agencies to ensure a more sustainable water supply for farming and communities.

Form 990, Part III, Line 4b - Program Service Accomplishments

Accelerating Restoration - We make it easier for landowners to steward natural resources. We work with government agencies to simplify the permitting process so landowners can complete projects that restore streams, rebuild habitat, and reduce soil erosion in a few months rather than a few years. A significant 2019 accomplishment was working with agency partners to develop a programmatic Biological

use to issue a programmatic Biological Opinion (BO). A BO like this one is an example of a "pre-developed" permit, which eliminate the need to write a brand-new permit for each project. Now, projects just need to qualify for the pre-written permit to be eligible for approval. This new permit means 20 different types of common restoration projects that might impact the endangered species NMFS is charged with protecting can now move forward more quickly without sacrificing any environmental protections.

Form 990, Part VI, Line 11b - Form 990 Review Process

A draft of form 990 is reviewed by management and the Audit committee of the Board of Directors prior to filing. The committee meets with management and the tax preparer as necessary to review the form 990, related schedules and supporting documentation. If changes to the form are requested, a revised copy is reviewed by management and sent to the committee. The committee approves the filing and makes a recommendation to the full board to ratify the filing at the next board meeting.

Form 990, Part VI, Line 12c - Explanation of Monitoring and Enforcement of Conflicts

The organization requests all board members to sign a conflict of interest statement once a year.

Form 990, Part VI, Line 15a - Compensation Review & Approval Process - CEO & Top Management

The Governance Committee is composed entirely of people that have no conflict of interest with Sustainable Conservation, its officers/key employees or its compensation arrangements. It is responsible for conducting the performance and compensation review of the Executive Director. The performance review process includes a self-review by the Executive Director, discussion with the committee and

a discussion amongst the committee, then by the board. A written performance review is included in the personnel file of the Executive Director. The committee also reviews compensation information of comparable position at environmental organization of similar sizes in the bay area and makes a compensation recommendation to the full board. The full board then discusses the recommendation and decides on the compensation annually and a record is put in the Executive Director's personnel file. Executive Director's last compensation review was in 2019.

Form 990, Part VI, Line 19 - Other Organization Documents Publicly Available

The organization's governing documents, conflict of interest policy and financial statements are available to the public upon request.
